B - NOTE

1. When participating in the Universal Life Insurance product (under the Group of Universal Life Insurance), the premium to be submitted, after deducting allowed expenses, will be transferred to a fund, named Universal Life Fund. This fund is controlled and invested for profits by ACE Life under the investment policies that are presented to their policyholders' right when they agree to buy insurances.
2. The investment objectives are to maximise and stabilize the income from long-term investments. ACE Life has invested in a list of sources which can bring in a foreseeable stable income under a reasonable level in a medium and long-term future, including debt instruments (mainly such as bonds, long term deposits, and other instruments which can generate fixed income) issued by financial institutions, or corporate organisations operating in Vietnam in accordance with current laws and regulations.
3. Since Universal Life Fund came into operation in March 2006, ACE Life has always paid its customers, who have regular Universal Life policies with the company, above the commitment of 4% per annum which is stated in the insurance policies, in particular:

<i>Duration</i>	<i>Credit rates (% p.a.)</i>	
	<i>Range</i>	<i>Average</i>
March 2006 to 31 December 2007	6.50%	6.50%
