

I am a senior underwriter in
personal risk services.
I am Tracy.

Coming out with bespoke insurance solutions is
the core for my line of work. Each client is as
unique as each Masterpiece policy we underwrite.

Knowledge and expertise sharing with my
stakeholders are essential in my line of work. This
ensures that I'm kept on track when it comes to
making informed decision in underwriting and
strategies to be adopted for business development.
Having the "Can Do" attitude helps drive me to
provide cutting-edge underwriting solutions most
suited for our clients.
