CHUBB LIFE ASSURANCE PUBLIC COMPANY LIMITED

INTERIM FINANCIAL INFORMATION (UNAUDITED)

31 MARCH 2019

### **AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION**

To the Shareholders of Chubb Life Assurance Public Company Limited

I have reviewed the interim financial information of Chubb Life Assurance Public Company Limited, which comprises the statement of financial position as at 31 March 2019, and the related statements of comprehensive income, changes in equity, and cash flows for the three-month period then ended, and the condensed notes to the interim financial information. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

### Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

| Payable from purchasing equipment                               |      | 601,745                       | 623,516       |

The accompanying condensed notes to interim financial information are an integral part of this interim financial information.

### 1 General information

Chubb Life Assurance Public Company Limited ("the Company") was registered as a limited company under the law of Thailand on 23 June 1997. The Company was converted to a public company limited and registered with the Ministry of Commerce on 16 October 2012.

The address of its registered office is as follows:

11th - 12th floor, 130 - 132 Sindhorn Tower 1, Wireless Road, Lumpini, Pathumwan, Bangkok 10330.

The principal business operation of the Company is to provide life insurance.

The major shareholder of the Company is Eksupsiri Company Limited, a local Thai affiliate of Chubb Limited, which is incorporated in Switzerland.

The interim financial information was authorised for issue by the Board of Directors on 9 May 2019.

The interim financial information has been reviewed, but not audited.

### 2 Accounting policies

### 2.1 Basis of preparation

The interim financial information has been prepared in accordance with Thai Accounting Standard 34 Interim Financial Reporting. The primary financial information (statement of financial position, statement of comprehensive income, statement of changes in equity and cash flows) is presented in a format consistent with the annual financial statements complying with Thai Accounting Standard 1 Presentation of Financial Statements. In addition the interim financial information has been prepared based on the format of life insurance interim financial statement attached in an Office of Insurance Commission's notification "Principle, methodology, condition and timing for preparation, submission and reporting of financial statements and operation performance for life insurance company B.E. 2559" dated on 4 March 2016 ('OIC Notification'). The notes to the financial information are prepared in a condensed format. Additional notes are prepared as required by aforementioned OIC Notification.

The interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2018.

An English version of the interim financial information has been prepared from the interim financial information that is in the Thai language. In the event of a conflict or a difference in interpretation between the two languages, the Thai language interim financial information shall prevail.

The accounting policies used in the preparation of the interim financial information are consistent with those used in the annual financial statements for the year ended 31 December 2018.

Costs that are incurred unevenly during the financial year are anticipated or deferred in the interim report only if it would also be appropriate to anticipate or defer such costs at the end of the financial year.

Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual profit or loss.

### 2 Accounting policies (Cont'd)

### 2.2 Financial reporting standards which are effective for annual periods beginning on or after 1 January 2019.

TFRS 2 (revised 2018) Share-based Payment TFRS 4 (revised 2018) Insurance Contracts

TFRS 15 Revenue from Contracts with Customers

TFRIC 22 Foreign Currency Transactions and Advance Consideration

### TFRS 2 clarifies;

- The measurement basis for cash-settled share-based payments

- Where an employer is obliged to withhold an amount for the employee's tax obligation associated with a share-based payment and pay that amount to the tax authority, the award is treated as if it is wholly equity-settled.
- The accounting for modifications from cash-settled awards to equity-settled awards.

TFRS 4 provides insurance companies an optional exemption from compliance with TFRS 9 and TFRS 7. The exemption is temporarily effective and not mandatory. Entities who choose to use the exemption must follow the 'financial instruments and disclosure for insurance companies' accounting guidelines to be issued by the Federation of Accounting Professions until TFRS 17 becomes effective.

TFRS 15 is based on the principle that revenue is recognised when control of a good or service transfers to a customer so the notion of control replaces the existing notion of risks and rewards.

TFRIC 22 clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency.

The Company has adopted these standards for the current period. The Company's management has assessed and considered that the above standards do not have significant impact on the Company.

### 2 Accounting policies (Cont'd)

### 2.3 Financial reporting standards which are effective for annual periods beginning on or after 1 January 2020 and are relevant to the Company. The Company has not yet adopted these revised standards.

### 2.3.1 Financial instruments

The new financial reporting standards relate to financial instruments are:

| TAS 32   | Financial instruments: Presentation                         |
|----------|---|
| TFRS 7   | Financial Instruments: Disclosures                          |
| TFRS 9   | Financial Instruments                                       |
| TFRIC 16 | Hedges of a Net Investment in a Foreign Operation           |
| TFRIC 19 | Extinguishing Financial Liabilities with Equity Instruments |

These new standards address the classification, measurement and derecognition of financial assets and financial liabilities, impairment of financial assets, hedge accounting, and presentation and disclosure of financial instruments.

### 2.3.2 TFRS 16 Leases

TFRS 16 will result in almost all leases where the Company is a lessee being recognised on the balance sheet as the distinction between operating and finance lease is removed. An asset (the right to use the leased item) and financial liability to pay rentals are recognised, with exception on short-term and low-value leases.

The Company's management is currently assessing the impacts of these standards.

### 3 Estimates

The preparation of interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim financial information, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2018.

### 4 Fair value

### 4.1 Fair value estimation

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follow:

- Quoted prices (unadjusted) in active markets for identical assets of liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following table presents the Company's assets that are measured and recognised at fair value as at 31 March 2019 and 31 December 2018.

|   | 31 March 2019 (Unaudited) |                 |                        |                |  |  |
|---|---------------------------|-----------------|------------------------|----------------|--|--|

| Investments in securities - Government and        |                           | Level 2         | Level 3                | Total<br>Baht  |  |  |
| Investments in securities                         |                           | Level 2<br>Baht | Level 3                | Total          |  |  |

There were no transfers between Levels during the period.

### 4.2 Valuation techniques used to derive Level 2 fair values

Level 2 debt investments of marketable securities are fair valued based on the yield curve of the Thai Bond Market Association at the close of business on the statements of financial position date.

### 5 Cash and cash equivalents

|                                      | (Unaudited)<br>31 March<br>2019<br>Baht | (Audited)<br>31 December<br>2018<br>Baht |

### 19 Earnings (loss) per share

Basic loss per share is calculated by dividing the net loss for the period attributable to shareholders by the weighted average number of ordinary shares in issue during the period.

|  | (Unaudited)           |                       |
|--|-----------------------|-----------------------|
|  | 31 March<br>2019      | 31 March<br>2018      |
| Net loss for the period (Baht) Weighted average number of ordinary shares in | (1,247,455)           | (2,423,218)           |
| issue during the period (shares) Basic loss per share (Baht)                 | 139,025,000<br>(0.01) | 139,025,000<br>(0.02) |

There are no potential dilutive ordinary shares in issue for the periods ended 31 March 2019 and 2018.

### 20 Related party transactions

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

The related party transactions are mainly transacted with the Group companies of Chubb Limited as follows:

### a) Statements of comprehensive income

### 26 Events occurring after the reporting date

On 5 April 2019, an amendment bill to the Labour Protection Law was published in the Government Gazette. The amended law will become effective 30 days after its publication. The main amendment is that the compensation for employees who retire and have more than or equal to 20 years of service has changed from 300 day's pay to 400 day's pay. The Company's management has assessed the effects of the amendment on the Company's financial statements and expects the impact to be Baht 2.37 million.
