Almost all manufacturing and distribution operations have some sort of environmental exposure. Chubb understands these operations and their associated challenges and has designed an insurance program that can help mitigate these exposures. With a broad offering of coordinated products intended to fill gaps inherent in traditional insurance programs, GL Plus™ is the preferred insurance solution for a broad array of manufacturing, processing, distribution, and product brokering risks.

Features and Benefits

- A proprietary, combined primary commercial General Liability and Pollution Liability form that includes Products Pollution and scalable Premises Pollution Liability insurance
- Separate General Liability and Premises Pollution Liability limits for the GL Plus™ Primary policy
- Significant capacity and ability to offer General Liability policies on an Occurrence or Claims Made basis
- Flexibility in structure, with the ability to write General Liability on a guaranteed cost basis or with deductible/SIR options
- Pollution liability extensions include Premises Pollution on a Sudden and Accidental or Gradual Basis, Transportation, Non-owned Warehouse, and Non-Owned Disposal Site environmental liability
- A lead umbrella policy that follows form over the GL Plus™ Primary policy
- Flexibility to extend territory definition to include foreign products and Products Pollution insurance
