

Chubb Excess Casualty

Key Differentiators

CHUBB®

Chubb Excess Casualty is the leading provider of excess capacity to the largest U.S. and multinational corporations and privately-owned companies. Chubb offers specialized products, which include lead umbrella and excess liability insurance to help protect companies' needs.

Our dedicated underwriting teams have the expertise to help our clients design customized programs to help effectively manage risk on a global basis. We have tailored insurance solutions for a myriad of industries, including energy, construction and real estate & hospitality.

What Makes Us Different

Craftsmanship

Customized insurance programs with consistent underwriting appetite.

Risk-bearing Capacity

Book value, or shareholder's equity in the company is \$100 BN.

Claims Expertise

Dedicated and experienced team of excess claims professionals and Catastrophe Management Services.

End-to-End Technology Solutions

Multinational and U.S. policy services provided via Worldview®, Accelerator®, and Chubb Excess Casualty Incident Alert.

Locally Admitted Policies

Our underwriting specialists have the ability to place locally admitted policies in foreign countries and provide the Foreign Liability Indemnification Endorsement for any gaps in coverage.

Global Capability

Ability to offer a vast range of products to provide customers with tailored, multinational insured solutions including Cyber, Primary and Casualty, and Bermuda. Our global footprint extends across 54 countries with 31,000 employees. We are the largest insurer by market capitalization.

Chubb Excess Casualty Incident Alert

Chubb Excess Casualty Incident Alert is an incident response technology that is designed to help customers mitigate potential loss exposures through around-the-clock reporting and accessibility at no additional charge to the customer.

Advantages:

- First notice of loss reporting
- Spill Response Coordination Assistance – providing access to our vendor partners who specialize in spill mitigation and removal at an additional cost
- Incident Documentation – real-time incident documentation reporting
- Customized Claims Alerts that utilize an insured's incident reporting procedures

Chubb Accelerator®

Chubb Accelerator is an award-winning, web-based solution that enables risk managers to quickly review and complete all forms needed to document uninsured motorist and underinsured motorist (UM/UIM) coverage elections.

Advantages:

- Fast, efficient UM/UIM form completion
- Reduced paperwork
- Accuracy
- Enhanced program management capabilities

Target Clients

- Energy and Chemical
- Construction
- Real Estate and Hospitality
- Wholesale Distributors
- Manufacturing
- Financial Institutions
- Services
- Technology
- Life Sciences (excluding products)
- Retail

Worldview® for Chubb Excess Casualty

Worldview helps Chubb Excess Casualty customers effectively manage and track all aspects of their U.S. Excess Casualty large account programs. The interactive portal features an easy-to-navigate home page that provides access to comprehensive account information, real-time status updates, and customized reporting tools. Worldview's innovative technology enhances the overall customer experience and offers users greater control over their programs.

Advantages:

- Electronic delivery of policies with key word and search features
- Document library provides immediate access to policies, endorsements, and notices of election
- Bulk download/merge document capabilities that enable policies and endorsements to be downloaded into a single PDF.
- Discussion Room, a real-time collaboration tool that enhances communication
- Detailed service standard descriptions to help manage expectations and set program goals
- Contact information for claims, underwriting, and other key areas to facilitate communication and service levels

Service Standards

Chubb Excess Casualty adheres to detailed service standards for each account, which not only help set expectations between Chubb and our customers, but also contribute to successful implementation and management of the program. Our service standards are based on corporate or customer-specific standards.
